REPORT OF THE TRUSTEES OF THE JAMES A. TUTTLE LIBRARY

The Trustees report a circulation of 10,212 volumes and the purchase of 300 new books. The number of books available for circulation has been increased by four visits of the Bookmobile, leaving over 100 books at each visit. Non-fiction books may be obtained from the State Library upon application to our Librarian, Mrs. Pratt.

We wish to thank the Garden Club for the gift of two magazine subscriptions. We thank the following for gifts of books. Miss Ruby Allen, Major and Mrs. Ashley, Mrs. Dorothy Butler, Dr. Winslow Caughey, Miss Margaret Clark, Mr. Hugh Graham, Mr. William Hurlin, Mrs. George Kleinspehn, Judge Abraham Lurie, Dr. Moses Lurie, Mrs. John McCabe, Miss Ethel Muzzey, Mrs. Henry Pratt, and Mr. Carl Robinson.

Local organizations have contributed a great deal to make the Library attractive both inside and out. The Garden Club has kept the reading room colorful with flowers and potted plants and donated money to improve the shrubs and grounds at the rear of the building. The Chamber of Commerce decorated the exterior of the building with lights at Christmas. The Antrim Art Club has kept paintings on display in the reading rooms The Art Club, Miss Ryder's Pottery Class and Mrs. Ralph Little's Art Class exhibited during Art Week.

The Summer Story Hour was conducted by Mrs. Betty Dunlap and Miss Jane Pratt.

Book Week was celebrated by an exhibit of new books for children and reviews were given by Miss Jane Pratt and Mrs. Henry Pratt.

A magazine rack has been placed in the reading room. A septic tank has been installed and some repairs have been made on the roof.

The Trustees hope that you will continue to make all possible use of the Library and we will welcome suggestions for new books and reference material.

COMMISSIONERS' REPORT

The Town of Antrim has had an excellent fire record this year. The Fire Department has responded promptly and has kept loss at a minimum.

The Commissioners feel that the Town should have control of the Fire Department through a Board of Fire Commissioners appointed by the Selectmen. Now that we have two companies in the Fire Department your commissioners feel that the best interests of all concerned could be better administered by Fire Commissioners, as the Precinct Commissioners have no authority outside the Precinct. We trust that favorable consideration will be given to this suggestion.

The water system is in very good shape. The 1,000 ft. of 6″ line laid up West Street last summer should open up new building lots for the growth of the Town.

A plan has been prepared for improving the watershed at Campbell Pond by selective cutting and reforestation of some of the hardwood scrub land. We feel that the planting is a very worth-while project and have placed a tentative order for 2,500 red pine seedlings; the cost to the Precinct will be considerably reduced due to the fact that Federal aid is available for the proposed planting. The Precinct will realize additional income from the sale of marketable lumber. It is hoped that the voters will approve our recommendation to go ahead with this program.

We feel that the Precinct has had a good year. The debt has been reduced by $2,500, in spite of the fact that we purchased some $2,500 of pipe and fittings for the West Street extension. The problem of water rents, long overdue, is still a serious one and we must resort to legal action very shortly. We have had to drop $92 of water rent as a bad debt and are taking the necesstry steps to avoid re-occurance. The water rent is far more reasonable than most towns and is our major source of income.

We would like to make the following recommendations:

1. That the Precinct Tax be reduced to 3 mils.
2. That 75% of the established water rates be collected.
3. That the Commissioners be given the authority to proceed with the cutting and reforestation around Campbell Pond.

Respectfully submitted,

J. Milton Arttridge
Lester A. Hill
Carroll M. Johnson

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Antrim qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 10th day of March 1958 at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the coming year.

2. To choose a clerk for the ensuing year.

3. To choose a member of the School Board for the ensuing three years.

4. To choose a member of the School Board for the coming year.

5. To choose a treasurer for the ensuing year.

6. To hear the reports of agents, auditors, Committees or officers chosen and to pass any vote relating thereto.

7. To see if the district will vote to raise and appropriate a sum equal to one half of one percent of the assessed valuation of the town to be added to the Capital Reserve Fund for the purpose of building a new high school. If construction of said high school is not started prior to December 1962 the Capital Reserve Fund is to be used in the following year to reduce the amount to be raised by taxation for the support of schools.

8. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.

9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school officials and agents, and for the payment of statutory obligations of

the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State Foundation Aid Fund together with other income; the School Board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

10. To choose Agents, Auditors and committees in relation to any subject embraced in this warrant.

11. To transact any other business that may legally come before this meeting.

Given under our hands at said Antrim this 17th day of February, 1958.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Antrim:

It is a pleasure to present my fourth annual report for your consideration.

For three years various committees have been studying and submitting reports to the citizens of Antrim in an effort to improve the educational opportunities of the school youth of Antrim in grades 7-12.

To some, this may seem like a long time but to solve a problem as involved and complicated as this one hastily, would have been unfortunate in the light of recent developments at the state level and the willingness of neighboring communities to take another look at the cooperative set up. Although the democratic process is slow, the results of its deliberations are likely to be of high quality.

American education is being criticized today as it has never been criticized before. Much of the criticism stems from the failure of this country to keep pace with Russia in the attempt to solve space problems and the report of the U. S. Office of Education on the Russian educational system. In my opinion, much of this criticism is justified. It is justified because in most of our schools we do not and cannot educate our youth to anywhere near their potential capacity on the secondary level.

It is a well known fact that the capacity of our youth varies from a low potential to a high potential. Because a large majority of our schools are so small that it is impossible to separate these pupils into groups of similar ability our standards have been set at a point where a majority of the class can obtain a passing grade.

Since it has become fashionable for practically all youth to stay in school until they have obtained a high school diploma, educators have done their best to find subjects which these pupils with mediocre ability could take with success and achievement. This was fine until our pupils with high potential found out about them and now a school administrator has a very difficult time recruiting and keeping these pupils with good ability in classes requiring a considerable amount of mental effort.

These are but two of the problems which beset American education which need desperately to be solved. These are not items which the federal government can solve by appropriating large sums of money for science or math education, but are problems which must be solved on the local level by individual communities or groups of communities working together. Parents can be of assistance by insisting that their child is

assigned to classes consistent with his ability and that he work to capacity.

Our schools have operated very smoothly this year and much credit should be given to the administrators for their leadership and to the staff members for their fine cooperation with these administrators.

It appears that it will be necessary to add another teacher to the high school staff next year in order to comply with the secondary standards and because it is no longer advisable to combine the pupils in grade nine and ten for some classes because of the large number of pupils involved. It will also be necessary to increase the time of the music teacher because it is necessary to increase our offerings in the fine arts. This, of course, will be reflected in the increased budget for teachers' salaries.

Antrim has been fortunate in having few teacher resignations the past two years. The Board's ability to keep its staff intact over a period of years has paid off in the efficient manner in which the school has been operating. It is hoped that this practice will continue.

Again, I wish to express my appreciation to the School Board, faculty and citizens for their cooperation and interest in solving problems in the interest of providing for the educational needs of our youth.

Respectfully submitted,
NORMAN R. HARTFIEL
Superintendent of Schools
